Erratum to: Int J Public Health
DOI 10.1007/s00038-014-0621-3

In the original publication of the article, the authors erroneously provided a wrong number: In Table 2, for “Problems with activities of daily living (ADL)” in 2011, the correct estimate is -0.048 (not 0.048).

The online version of the original article can be found under doi:[10.1007/s00038-014-0621-3](https://doi.org/10.1007/s00038-014-0621-3).
